Clothing, Colors, and Cultures

Blue and pink aren't children's clothing colors all around the world

The meanings of colors are sometimes very different in different cultures. For example, in some cultures, blue is a common clothing color for little boys, and pink is a common clothing color for little girls. In other cultures, other colors are common for boys and girls.

There are also different colors for special days in different cultures. For example, white is the traditional color of a wedding dress in some cultures, but other colors are traditional in other cultures.

For some people, white is a happy color. For others, it's a sad color. For some people, red is a beautiful and lucky color. For others, it's a very sad color.

What are the meanings of different colors in YOUR culture?
